School Principals
Music Supervisors and District Contacts

FROM: Lynda Roser
President, Florida School Music Association

DATE: October 21, 2002

SUBJECT: 2001-02 State Music Performance Assessment Report

Please find enclosed the 2001-02 Statewide Music Performance Assessment Report. It includes information on all public and private schools that participated in Florida School Music Association sanctioned district and state Music Performance Assessments during the 2001-02 school year. The report is arranged by school district in alphabetical order. The following page includes a brief explanation of the various codes and terms used in this report.

The Florida School Music Association (FSMA) coordinates and oversees all interscholastic music activities in the state of Florida. FSMA membership is required for schools that wish to participate in state sanctioned interscholastic music activities. FSMA sanctions the Florida Bandmaster's Association (FBA), the Florida Orchestra Association (FOA), and the Florida Vocal Association (FVA) to sponsor District and State Music Performance Assessments for bands, orchestras, and choruses in Florida high schools, junior high schools, and middle schools. FSMA also sanctions student participation in the All-State performing ensembles sponsored by the Florida Music Educators' Association (FMEA). The mission of FSMA is to ensure that member schools have safe, consistent, high-quality, educationally challenging and fiscally sound music events to expand the musicianship and skills of their students and teachers.

The FSMA Board of Directors has representation from the Florida Association of District School Superintendents, the Florida Association of School Administrators, the Florida Association of Secondary School Principals, the Florida Association of Elementary and Middle School Principals, the Florida School Board Association, the Florida Music Educators' Association, the Non-Public School Advisory Council, the Florida Parent Education Association, the Florida Department of Education, and the associations that conduct music performance assessments.

If you have any questions or comments concerning this report or other FSMA activities, please call James Perry, Executive Director at (800) 301-3632 or email at jamesperry@flmusiced.org. If there are any errors or omissions in your report, please notify Bruce Belrose, Deputy Director via email at brucebelrose@flmusiced.org.

2001 – 2002
State Music Performance Assessment Report

State Totals

Band Total:	129,490
Chorus Total:	74,337
Orchestra Total:	13,513
State Total:	217,340

EXPLANATION OF TERMS USED IN THE STATE MUSIC REPORT

Music Performance Assessment

An MPA is a major assessment event for secondary music programs in which a musical performance is evaluated on specific criteria. The assessments are held annually for marching bands, concert large ensembles (band, chorus, orchestra), and solos-ensembles. Together with other criteria (see Models and Tools for Building a Quality Music Program, FSMA Publication), the music performance assessments may give a significant measure of the success of a music program on a campus.

Such assessments are held on a district (local area) and state levels for high school performing groups. There is no state level assessment for middle or junior high.

Statistics presented

The numbers associated with each event represent the number of student participants reported to FSMA by component association district chairpersons. While the number is not indicative of program enrollment, it does show the level of activity within a program.

Adjudication

With minor exceptions, each large ensemble MPA event has four adjudicators (judges). Adjudicators are master music teachers selected on the basis of experience and successful teaching. Beginning with the 2001-02 school year at least one adjudicator in each MPA event must be certified according to FSMA rules, in addition to meeting the requirements defined by the component music associations.

For large ensemble events, three adjudicators are used to evaluate concert events, and one adjudicator is dedicated to evaluating sight-reading, which is conducted separately from the concert evaluation.

For Solo-Ensemble MPA events, a single adjudicator evaluates individual students and small ensembles.

Date

Date on which the MPA was held.

Final Score

Possible ratings are: Superior, Excellent, Good, Fair, and Poor (see below).

- “Disqualified (DQ)” means that the performing organization did not follow the rules established for the assessment event in some respect.
- “Comments Only (CO)”. New directors or new performing organizations sometimes choose to receive comments only to assist their students in improving their skills. Each music association (FBA, FOA, FVA) has rules regarding how often and under what conditions a performing organization may request a performance for “comments only.”

ID

An identifier for the MPA event in the FSMA database.

Ratings

Following are the descriptors for the ratings used by adjudicators to assess the performances, which are compiled to form the “Final Score”. More complete information about the performance may be gained by reviewing the adjudicators’ taped commentary and/or the written comment sheets.

SUPERIOR – The rating is comparable to the grade of “A”. This rating reflects the finest conceivable performance for the event and class of participants being evaluated – worthy of the distinction of being recognized as among the very best.

EXCELLENT – The rating is comparable to a grade of “B”. This rating reflects an unusually high level of performance in many respects, but one not worthy of the highest rating due to minor defects. Yet it is a performance of distinctive quality. The ensemble receiving this rating usually shows the results of sound fundamental training, but the performance lacks the polish and finesse to qualify for a Superior rating.

GOOD – The rating would be comparable to a grade of “C”. This rating is awarded for a good performance, but one that is not outstanding. It shows accomplishment and marked promise and potential, but is lacking in one or more essential qualities.

FAIR – This rating is comparable to a grade of “D”, and describes a performance that shows obvious weaknesses. These MAY reflect instrumentation problems or lack of rehearsal time, but generally represents a performance that is weak or uncertain – containing numerous errors, and revealing basic flaws in most of the fundamental factors.

POOR – This rating indicates a performance that reveals much room for improvement. The director of such a group should evaluate his/her methods of teaching and compare them to those of directors who achieve higher ratings with their bands.

School ID

A combination of the DOE School District number and the individual school’s account number. In some cases, this number has been modified to meet FSMA database requirements.

S&E

Solo and Ensemble: An assessment for individual students and/or small groups. Adjudicator ratings for individual students or ensembles may be obtained from the school music director or from the state office of the music component sponsoring the event.
